

TIER 1 • STARTER

Your school's website, ready to welcome parents

A complete, mobile-friendly website with WhatsApp booking — plus the designs you need to start

Rs 50,000 + domain (billed directly by the registrar)

Little Blossoms Web Studio

What's included

Everything a school needs to look professional online and start receiving enquiries

- ✓ **Website** Single-page public site, mobile responsive, fast loading
- ✓ **Design** Custom playful design in your brand colours + your real photos
- ✓ **WhatsApp** Booking form that opens WhatsApp with details pre-filled
- ✓ **Map** Address + Google Map + get-directions block
- ✓ **Pages** Programs, fees, gallery, parent testimonials, contact
- ✓ **Extras** Age quiz, scroll effects, white-daisy corner accents

One-time build fee. Your site is deployed on a live link and is yours to keep.

Designs & everything needed to start

We don't just build the site — we give you the designs it needs and everything required to go live

Additional designs

Logos, banners, icons, poster/brochure graphics, social-media creatives — designed for you in your brand style

Photos & content

Use your photos or we guide you — we advise and prepare what the site needs

Domain & hosting

We suggest and set up your domain (e.g. littleblossoms.in) and hosting

Start checklist

Name, logo, photos, basic text, contact details, preferred domain — we walk you through it

Main promise: you hand us your school, we deliver a ready-to-use website with its complete visual kit.

Pricing & terms

Website build	Rs 50,000	Design, development, testing, deploy
Additional designs	Included	Logo, banners, icons, social graphics for the site
Domain	Actual cost	Billed directly by the registrar (e.g. .in or .com)
Hosting	Included first year	Fast, secure hosting on our platform
Support	3 months	Issues resolved free for 3 months after launch
Timeline	4–6 weeks	From content handover to live site

Domain charge is not included in the Rs 50,000 — you pay the registrar directly, no markup.

What happens next

1 Kickoff

You share your logo, photos and basic info

2 Designs

We design logos, banners and site visuals for you

3 Build & test

We develop, test and fix anything broken

4 Go live

Your site is deployed on a live link

5 Support

3 months of free issue resolution

Self-managed option (full control)

Prefer to run everything yourself? Choose the self-managed upgrade — available on Tier 1 as well

2 websites

One public site + one private user/admin site

1 backend

An admin store where you manage everything

1 database

Your school data stored safely in one place

2GB storage

Space for photos, documents and uploads

Rs 1,80,000 – Rs 2,00,000

Why this is a smart start

1 **Looks professional**

A polished online presence parents can trust before they visit

2 **Brings enquiries**

WhatsApp-first booking means every visitor can reach you in one tap

3 **Designs included**

Logos, banners and graphics you don't have to commission separately

4 **Works everywhere**

Phones, tablets, desktops — tested on a 360px mobile viewport

5 **Room to grow**

Upgrade to Tier 2 or the Self-managed option whenever you need

Ready when you are

Starter Tier — Rs 50,000 + domain | Self-managed — Rs 1.8–2.0L
